HUMOROUS.

The Doctor and his Patient.

Some time since a lady called upon a celebrated foreign oculist to consult him about her eves, complaining that her power of vision had of late considerably diminished. At a glance the doctor saw that she was a lady of rank and wealth. , He looked at her eyes, shook his head, and thought the treatment would require much time, as there were Teasons to fear amaurosis in her case. He must advise her, first of all, as she had informed him that she was residing at a considerable-distance in the country, to move into the city at once, and thus enable him to see her frequently-if possible daily. The lady then reuted an elegant mansion, moved into the city, and the physician was punctual in his attendance. He prescribed this and that, and thus days ran into weeks and weeks into months. The cure, however, was still coming. The physician tried to console her .-One day the patient hit upon a curious scheme. and she did not wait long to carry it out .-She procured for herself a very old and poor attire, put a hood of a tremendous size upon her head, took an old umbrella and a market basket in ber hand, and in these habiliments she visited her physician, selecting for her purpose a rainy day. She had so well succeeded in distorting and disguising herself that the eyes even of a lover could scarcely have recognized her. She was obliged to wait a long time in the ante-room of the physician, with many others who like her were seeking relief. At last her turn came. "Well, my good woman, what have you to

complain of?

"Very weak eyes, doctor," she answered. He took her to the light and looked into her eyes, but failed to recognize his patient. Shrugging his shoulders, he said :

"Your eyes are all right." "What ?" said she.

"Yes, I know what I am saying." "But I have been told I was getting a-I forgot how it is called."

"Amaurosis ?" "Yes, that is it, doctor."

"Don't you believe any such nonsenso .-Your eyes are a little weak, but that is all. Your doctor is an ass !"

"Yes, an ass! Tell him boldly that I said The lady now arose, and in her customary "You are my doctor; don't you know me?"

Pronounce Them if You Can.

You will see a great many queer fixtures and apparatus in a gymnasium, but sume of the sentences for training in vocal gymnastics are equally queer. By learning to utter them all clearly, one will be pretty certain to acquire the art of plain talking. The following furnish specimens for prac-

But it happened one day that Sam, who could not read, was thrown entirely on his own resources. He put the forms to press and pulled a sheet; looked at it intently, turned it round, and turned it over; something was the matter; he looked again, felt the tympan, held the sheet up to the light, and looking over his spectacles at the grinning roller-boy, exclaimed:

"Look heah, boy, why for yer don't stribbit yer rollah !" The form was bottom up.

- An old farmer, dictating his will to a lawyer, said :

"I give and bequeath to my wife the sum of £100 a year. Is that writ down, mister?" "Yes," said the lawyer, "but she is not so old but that she may marry again. Won't you make any change in that case? Most people do.".

"Ah, do they? Well, write again, and say if my wife marries again, I give and bequeath to her the sum of £200 a year. - That'll do, won't it?"

"Why, that's just double the sum that she would have if she remained unmarried," said the lawyer. "It is generally the other way." "Aye," said the farmer, "but him that takes her will deserve it!"

SECOND-HAND PILLS .-- Our Teutonic friend, Johannes K _____, entered one of our drug stores, and thus addressed one of the

"I'll give you a dose at the same price." After a vain search in his pocket for the required sum, he asked :

'Toctor, you tond got some second-hand bille, ain't it ?"

Iron in the Blood

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "athousand ills," simply by Toning up, Invigorating and Vitalizing the System. The en-riched and vitalized blood per-meates every part of the body, repairing damages and waste, searching out morbid secre-

disease to feed upon.

This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhea, Bolls, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys' and Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding age. lowed by corresponding reac-tion, but are permanent, infu-sing strength, vigor, and new life into all parts of the system, and building up an Iron Con-

titution.
Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesetate to the it a trial. stitution. itate to give it a trial.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extractmedicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Repoyator and Invigorator. ciple, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Dis-

If men will enjoy good health, let them use VINEGAR BITTERS as a medicine, and avoid the use of alcoholie stimulants in every form. · No Person can take these Bitters

according to directions, and remain long unwell, provided their bones are not de-stroyed by mineral poison or other means, and vital organs wasted beyond repair.
Grateful Thousands proclaim Vine-GAR BITTERS the most wonderful Invigor-ant that ever sustained the sinking system.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers through-out the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Ala-bama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Dyspepsia or Indigestion, Headsche, Pain in the Shoulders, Coughs, Tight-ness of the Chest, Dizziness, Sour Eructa-tions of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the off-springs of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipeles, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc., etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR Briters have shown their great

carative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittens and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons on

gaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurk-

ing in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelminities, will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Jaundice.—In all cases of jaundice, rest assured that your liver is not doing its work. The only sensible treatment is to promote the secretion of the bile and

favor its removal. For this purpose use VINEGAR BITTERS. Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it ob-structed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

A FIER an experience of 16 years in our business, we have at last found out that we cannot carry on our business without money; and the difficulty in collecting money these times makes it an accessity for us to adopt the Cash system. We will, therefore, after January 1, 1873, do work for Cash only or Country Produce down on delivery of the work. We will endeavor to put down our prices as low as can be done in the country, and the workmanship superior to any, and will strive to accommodate all who will favor us with their patronage. Our New Ploughs, of which we are making a large lot of different size, will be sold on time to good, reapossible men, by giving their notes payable at such time as apecified in the contract. Remember, however, we guarantee satisfaction in member, however, we guarantee eatisfaction in every case or no sale. Our old accounts are now ready for settlement and must be closed up without delay.
